RE: Offer Behaviour Enforcement Guidelines Stakeholder Meeting

The MSA will be hosting a stakeholder meeting in Calgary on December 9, 2015 to discuss the MSA's Offer Behaviour Enforcement Guidelines (OBEG) in light of the Alberta Utilities Commission's decision in Proceeding 3110 and developments since their release.

The purpose of this meeting is to obtain stakeholders' views on a possible OBEG "refresh", including views on the extent of and nature of consultation required, as well as preliminary views on which sections should be revisited.

Please mark this in your calendars and advise Amy Siciliano at (403) 705-3196 or amy.siciliano@albertamsa.ca by November 27, 2015 if you plan to attend so we can estimate numbers.
