

## NOTICE TO PARTICIPANTS AND STAKEHOLDERS

April 11, 2016

**Re:** Revocation of Guideline and Feedback Notices

---

On January 1, 2016 *AR 58/2015 Code of Conduct Regulation* came into force under both the *Electric Utilities Act* (EUA) and *Gas Utilities Act* (GUA). This new regulation is administered by the Alberta Utilities Commission (AUC). Previously the MSA had responsibility for the *Code of Conduct Regulation* under the EUA whilst the AUC was responsible for that under the GUA.

Final reporting for 2015 has now been received by the MSA and passed on to the AUC. The AUC is working with affected parties to develop new compliance plans and reporting requirements.

There are three documents on the MSA's web site that are now stale dated and need to be revoked immediately, as follows:

1. [Guideline – Code of Conduct Reporting](#) (March 4, 2004)
2. [Feedback – Code of Conduct Regulation \(EUA\)](#) (November 16, 2011)
3. [Feedback – Providing Information About Retailers](#) (January 30, 2012)

If you have any questions, feel free to contact the undersigned at 403-705-8503 or [mike.nozdryn-plotnicki@albertamsa.ca](mailto:mike.nozdryn-plotnicki@albertamsa.ca)

Sincerely,

Mike Nozdryn-Plotnicki

Senior Advisor
